- School Report. -

As required by law, the School Board submit their annual report. Our arrangements for the year were designed to provide for each school three terms: one of eleven weeks and two of twelve weeks each, closing the year on the second day of March; but owing to the failure of the teacher in No. 1 to begin the term as directed, and the closing of the school in No. 3 one week on account of scarlet fever, even by extending the last term to March 9th, we have only thirty-four weeks in each school. It seems almost impossible to compel a fair attendance of the scholars for a longer period than thirty-five weeks in a year, so many of them being required at home.

For No. 1 we engaged for the whole year Miss M. W. Griffin, but on account of her sickness Miss M. B. Newell was substituted for the second term. Miss Griffin is a teacher of unquestioned ability and untiring industry, but so perfectly satisfied with her own methods of instruction as to reject any suggestions of change in any way. Although at this time the school appears well, the progress has not been so marked as we anticipated. Miss Newell is a well qualified teacher and has performed her duties faithfully and satisfactorily, especially in her attempt to improve the reading, the faults, however, were of too long standing to be completely eradicated in so short a time.

For No. 3 we employed Miss M. A. Lorden for the first and second terms and Miss G. W. Knight for the third term. Miss Lorden is a teacher of fair ability but hampered by the irregularity of attendance of the scholars and by the peculiar composition of the school (about one-third of the enrolled scholars being French Canadians, unacquainted with school or other scholars) gradually lost interest in her work. The appearance of the school suffered in consequence. Miss Knight an experienced and thorough teacher at once infused new life and energy into her scholars by her methods of instruction and diligence in her work. The progress of the school is satisfactory.

In conclusion we must express the belief that the time and labor expended during school hours, outside of necessary reviews, in preparation for public exhibition at the close of school, however pleasing to parents and visitors, can be more profitably employed in the various studies so essential to success in the lives of our children.

TOWN LIBRARY REPORT.

The Trustees of the Litchfield Town Library hereby submit their second annual report.

The Board met soon after the annual town meeting and organized by choosing J. P. Newell chairman, and Mrs. Jennie F. Center, secretary and treasurer.

It was voted that the library should be kept open for giving out and returning books Saturday afternoon of each week, from two till five o'clock, and that the compensation of the librarian be fixed at fifty cents for each opening. Mrs. Jennie F. Center was chosen librarian.

At the same meeting Rules and Regulations were adopted for the care and preservation of the books. In accordance with the recommendation of the State Board of Library Commissioners, the new books have not been covered.

By vote of the Trustees the latest edition of Chambers' Encyclopedia, consisting of ten large volumes, has been purchased at a cost of only twenty dollars and placed in the library.

During the year the Ladies' Social Circle have purchased and donated to the town twenty-eight volumes at a cost of \$25.25.

There are now in the library 569 volumes, many of which are choice books. It is to be hoped that at sometime in the near future a room convenient and easily warmed, may be obtained and fitted up for the special use of the library.

We cannot close this report without expressing our congratulations that the town of Litchfield has laid the foundations of a library that will prove to be a great and permanent blessing to all her citizens.

The reports of the Librarian and of the Treasurer are herewith transmittted.

Respectfully submitted;

J. P. NEWELL,

For the Trustees.
